The mission of the University of Miami Linda Ray Intervention Center is to support and facilitate positive developmental outcomes with high-quality services, thereby improving young children's school readiness, and future student achievement.

National Parents' Day!
Parents' Day is celebrated on July 23rd. We acknowledge parents dedication and hard work. We recognize and applaud parents daily efforts to do the best for their children. Parents even on challenging days, we encourage you to keep growing, developing essential skills, and gaining confidence. Empowered parents are informed, engaged in their child's school community, and knowledgeable about their child's health or disability, knowing their voices are valued in the classroom.

Take advantage of our center's Nurturing Parenting Program where you can meet other parents, learn about positive parenting practices and practice self-care techniques for parents.

Registration is now open! For more information, please contact Krizia Warren, at: kwarren22@miami.edu.
HURRICANE PREPAREDNESS

Hurricane Season runs from June 1 to November 30th. **Be prepared, plan ahead** and talk about what you will do before, during and after a hurricane.

Your plan should contain:

- Important contact information of family members, friends, neighbors and physicians.
- A safe place to store important documents.
- Adaptive equipment your child may need. If you must evacuate, consider portable options that are lighter and easier to take with you, such as a lightweight manual wheelchair.

UPCOMING EVENTS

- July 4: Center Closed-Independence Day
- July 8: Family Tie-Dye Activity
- July 31: Graduation
